

## 15. NOTICES OF MOTION

### 15.1 Australian Government intervention in the case of Julian Assange

I, Councillor Tim Baxter, give notice that I intend to move the Motion outlined below at the Ordinary Meeting of Council on 07 April 2021:

That Council: -

1. Notes that WikiLeaks publisher Julian Assange is an Australian citizen and is entitled to the rights that that citizenship confers.
2. Asserts the City of Port Phillip's staunch support for Freedom of the Press and the Rule of Law and the extension of both to all people.
3. Notes that despite controversy over many years since its inception, WikiLeaks has played an important and effective role in disclosing war crimes, corporate fraud, environmental damage and other criminal abuses.
4. Notes that Mr Assange is currently being held on remand maximum security prison in the United Kingdom (UK) without charge, locked in a cell for 23 hours per day.
5. Notes that Mr Assange is now in very poor health and is facing an appeal from the US regarding the denial of his extradition from the United Kingdom to the United States of America (USA) in an unprecedented Espionage Act prosecution for engaging in journalistic activity and, if convicted, faces 175 years imprisonment and potentially the death penalty.
6. Notes that the United Nations Working Group on Arbitrary Detention has called not only for Mr Assange's immediate release but also that he be compensated, and that the United Nations Special Rapporteur on torture, Nils Melzer, has examined Mr Assange in Belmarsh Prison and believes that his life is in danger.
7. Notes and supports Amnesty International's call for the UK to not extradite Mr Assange to the USA and that the UK abide by its obligations under international human rights law that forbids the transfer of individuals to another country where they would face serious human rights violations.
8. Notes that other major civil liberties, media freedom and human rights groups have spoken out against the arrest and treatment of Julian Assange and include:
