

**15.1 Notice of Motion Cr Marcus Pearl – Parking Management in Port Melbourne**

---

**Question from Councillor Pearl**

Councillor Pearl asked when was the parking in this area last reviewed?

**Response**

A full review of parking in this area (The Boulevard, The Bend and Cumberland Road) was last completed in 2015 as part of the Port Melbourne/Garden City Strategic Parking Neighbourhood review. Since this time, individual community members had been unable to secure sufficient support in the local community through a jointly signed letter to trigger a subsequent review of the on-street parking controls.
