

Item 10.3 Elder Smith Netball Courts and Pavilion Update

Question from Councillor Nyaguy:

Would this facility be connected to gas, or would it be entirely electric?

Response:

The proposed pavilion at Elder Smith Reserve will only be connected to electricity. This is to ensure the building is able to achieve Building Environment Sustainability Scorecard (BESS) Excellence which will be the most sustainable outcome possible within the allocated budget for this project.

**Please note: answers to any questions in Public Question Time and Councillor Question Time which were answered at the meeting are included in the minutes of that meeting.*
