

**Item 7.1 Petition – Dangerous Hoon Driving, Excessive Noise and Toxic Fumes  
across Port Melbourne**

---

**Question from Councillor Clark**

Can officers to explain the difference between the tactical cameras referred to in the officers comments and the petitioners request to install cameras including flashing lights?

**Response**

Unfortunately the tactile CCTV cameras mentioned by the petitioners do not meet with the minimum requirements of the Auditor General's Security and Privacy of Surveillance Technologies in Public Places (2018) report with regards to data security and privacy legislation. Therefore specialised CCTV cameras are required.
