A. STRATEGIC PLANNING MATTERS

In February 2016, the Minister for Planning (the Minister) announced a review of the Strategy and Planning Controls for the Fishermans Bend Urban Renewal Area (FBURA). On 19 December 2017, and then on 21 February 2018, the Minister called in all 26 live Ministerial planning permit applications in the FBURA on the grounds that:

- The proposals involve significant development within the context of the area which is declared as an urban renewal project of State significance.
- The proposals may have a substantial effect on the development and achievement of the planning objectives in Fishermans Bend as it may result in development occurring which is inconsistent with the proposed Fishermans Bend Strategic Framework Plan having regard to development density, timing of development, timing and method of delivery of infrastructure and overall population levels to be achieved.
- Twenty-one of the called in applications are in the City of Port Phillip and five are in the City of Melbourne.

In October 2018, the Minister:

- Released a revised Fishermans Bend Framework;
- Approved Amendment GC81 to change the Planning Scheme controls for the FBURA; and
- Appointed the Fishermans Bend Standing Advisory Committee (the SAC) to advise on site specific planning controls to facilitate proposals within Fishermans Bend, prior to the introduction of an Infrastructure Contributions Plan for the called in applications and new proposals.
- In particular, Amendment GC81 deleted the Development Contributions Plan Overlay (DCPO) and introduced a new Infrastructure Contributions Overlay and Schedule (ICO1) which forbade (with a few minor exceptions) the grant of a permit to construct a building until an infrastructure contributions plan had been incorporated into the scheme. At the time of writing, the infrastructure contributions plan has not been finalised or incorporated into the scheme.

The Terms of Reference for the Advisory Committee sets out the process for consideration of Planning Scheme Amendment (PSA) applications. On 29 April 2020, the Terms of Reference were updated as follows:

- The Fishermans Bend Standing Advisory Committee (SAC) is now to advise the Minister on only unresolved issues between the Proponent and other parties.
- Before referral to the SAC, proponents must submit their proposal to the Office of the Victorian Government Architect (OVGA) for a Design Review. The OVGA will provide a response within 5-10 business days to all parties.
- The Proponent will respond to OVGA issues and provide a final application to DELWP who will distribute to all parties.
- All parties will meet to discuss the final application and prepare a short report that provides a statement of agreement and contentions', outlining the remaining issues in dispute.
- The Advisory Committee must commence a public hearing no later than two months after receipt of a Ministerial referral.
- Council would typically be allocated one day to present to the Advisory Committee but may be allowed additional time if calling evidence.
- The Advisory Committee must submit its report to the Minister no later than 20 business days from the completion of the round table or other forum.
- The Minister must then determine whether to approve the proposal and PSA.

Any approved PSA would then be listed in the Schedule to Clause 72.04 of the Planning Scheme, in the same manner as for example:

- Amendment C9 for the St Kilda Station Redevelopment, July 1999;
- Amendment C110 for the Stokehouse, 30 Jacka Boulevard, St Kilda, July 2014;
and
- Amendment Port C149 for the Victorian Pride Centre Incorporated Document 2018. 4.15 Developments could then proceed in accordance with plans and conditions referenced in the Incorporated Document.

Once the infrastructure contributions plan is finalised and incorporated into the scheme, applications for planning permits in the FBURA could revert to the standard procedure.
