

## Module 8 Workbook: Labelling

**This workbook aims to help you reflect on and improve your current labelling processes and practices.**

Do you manufacture and label products or relabel products?

- Yes
- No

Do your labels contain the information required as part of the Australia New Zealand Food Standards Code?

- Yes
- No

Have you submitted your labels for NATA accredited laboratory testing?

- Yes
- No

**(Note:** We recommend you do so if you have not already.)

Do your products contain allergens?

- Yes
- No

If yes, what allergens do they contain?

How often do you audit and review your labels to ensure they are accurate and compliant with labelling regulations?

**(Note:** If you haven't audited your labels in the last month, we recommend doing so.)

**Please contact your Environmental Health Officer if you require further guidance with this.**
