The Council is required under sections 108 and 109 of the *Local Government Act 2020* (**Act**) to prepare, approve and comply with a procurement policy. In accordance with the Act, this Procurement Policy (**Policy**) sets out the key principles, processes and procedures applied to all purchases of goods, services and works by Council.

All monetary values stated in this Policy include GST except where specifically stated otherwise.

Outcomes

This Policy seeks to ensure Council and the community receive value for money from its significant expenditure of public funds on the purchase of goods, services and works.

In doing so, Council will abide by the following guiding principles:

- value for money – the best mix of cost, quality (i.e. ability to meet user requirements) and sustainability (environmental, social and economic);
- efficiency and effectiveness – the cost of procurement to Council, tenderers and respondents should be minimised while delivering procurement objectives;
- probity – procurement should demonstrate fairness and impartiality, transparency and accountability, confidentiality and effective management of conflicts of interest;

- environmental sustainability - reducing the environmental impacts of goods, services and works, supporting Victoria's transition to a circular economy and improving environmental outcomes for the organisation and community; and
- economic sustainability - while remaining compliant with fair-trading legislation, encouraging procurement that supports local businesses and economic diversity and viability.

- 7.4 Annual CSR targets will be set that increase over time and are specific to the purchase of recyclable and other sustainable products.
- 7.5 Unless approval from the delegate has been withheld based on justifiable reasons, emissions reporting in specifications for all contracts valued over \$1 million per annum will be applied and reporting will be strongly encouraged for smaller contracts.
- 7.6 For all public tenders and procurements valued over \$300,000 sustainability clauses and compliance provisions will be incorporated in all contract management plans and suppliers will be required to set minimum sustainability requirements that are reviewed annually.
- 7.7 Council will include reference to working with children legislation in all relevant procurement activities.

- 8.2 Where relevant, suppliers must have appropriate OHS practices, insurances, and quality assurance processes relevant to the nature of goods, services or works being supplied.

8.3 Works projects must include OHS compliance and will be expressed as a mandatory evaluation criterion (ie: pass/fail). A risk assessment must be applied prior to all general procurement to ensure satisfactory OHS compliance.

- b) prepare a Gender Equality Action Plan; and
- c) undertake a workplace gender audit before developing a Gender Equality Action Plan.

9.3 Given the legislative requirements, when advertising relevant tenders, Council will consider the impact of options available to advance gender equality through procurement activity. This may include practices to support supplier diversity (e.g: supporting women-led businesses) but also filter categories such as requiring suppliers to be compliant with the Workplace Gender Equality Act (Cth) or have gender equitable practices in place. As an initial step in the process, Council's conditions of tender have been amended to include a questionnaire relating to gender equality.

10. Policy Exemptions and Breaches

10.1 Below the \$300,000 threshold, the relevant Executive Leadership Team (**ELT**) member (CEO or General Managers) may provide an exemption to this Policy and related procedures provided value for money and legislative compliance can be demonstrated and is documented.

- 10.4 A breach of the Policy and procedures by a Council Officer without an appropriate exemption may result in disciplinary action.
- 10.5 Any Material Breach will be reported to the ELT and the Audit and Risk Committee (ARCo) as soon as practical.

11. Assurance, Monitoring, Review and Audit

- a) undertake due diligence in relation to the proposed contractor by obtaining a credit report and/or requesting the proposed contractor's most recent audited financial statements;
