

Site Plan

## Project Opportunities

### Play experiences

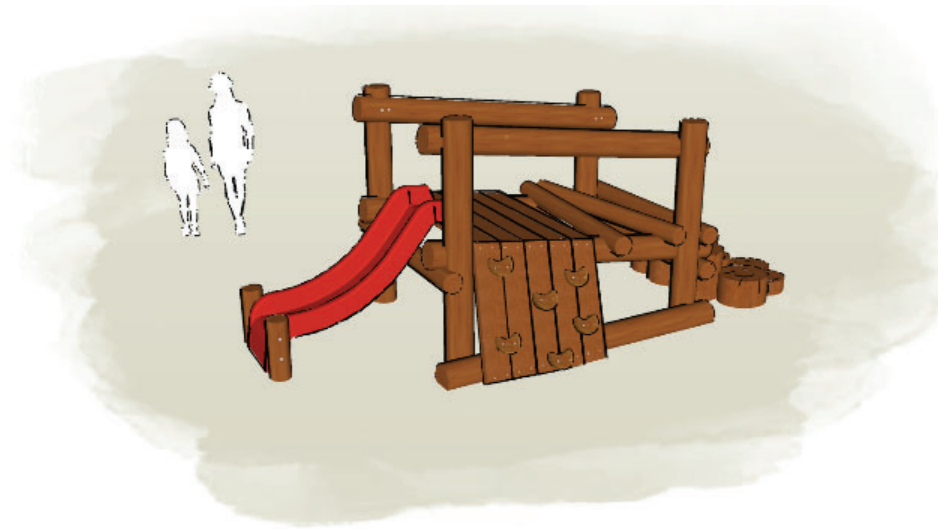

- Play equipment unit for younger children, compliant with current play standards including a slide, climber wall and log steppers
- Nature play balance elements

### Park amenities

- Accessible entry to the reserve from Little Page Street providing a link to the seating area
- Refurbishment of the existing seat
- Reinstatement of the garbage bin and a new bin enclosure

### Natural elements

- A new small tree near the seat to provide shade
- Native shrub and groundcover planting drifts with habitat rocks and logs to improve biodiversity

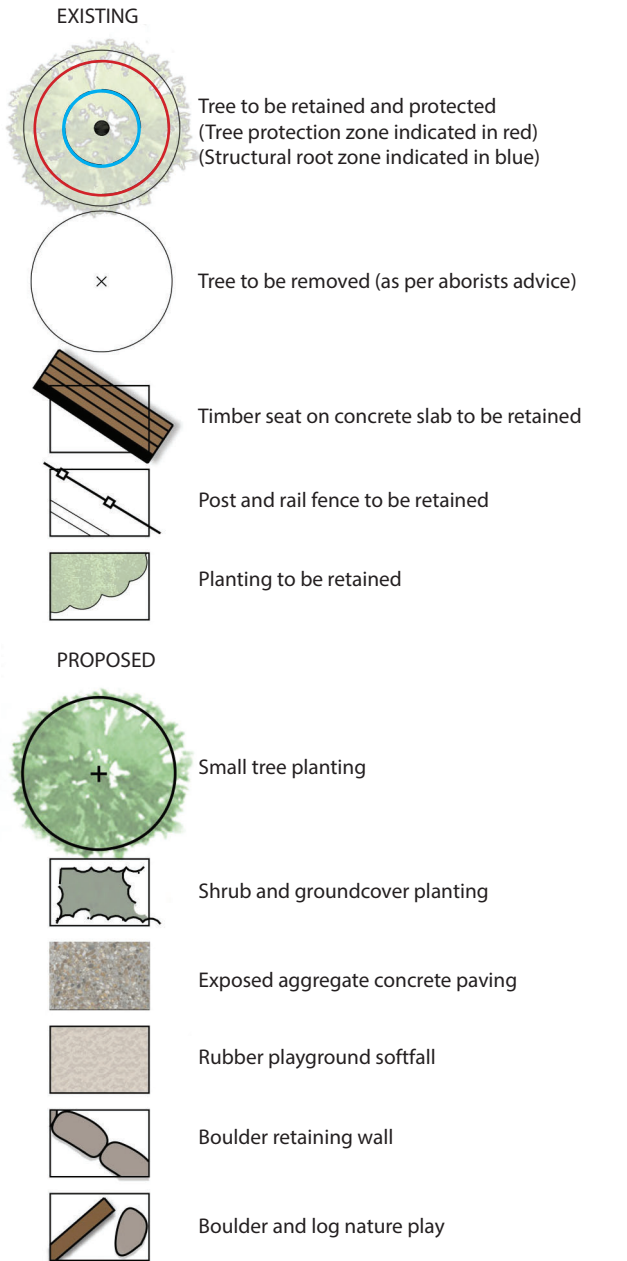

The play equipment unit provides a variety of textures and structures for young children to challenge and develop balance and core stability.

The unit includes:

- 900mm high slide
- stepping logs
- a climbing wall

Play Equipment Unit

## Legend

- 1 Play equipment unit
