END USERS

HOME GARDENS 0%
MELBOURNE ZOO 56%
COMMUNITY GARDENS 43%

These fantastic composters have sustainably used the ground coffee to create healthy soil.

LATTES SAVED

13,530,472

Thanks for helping us help our planet. You've prevented the waste of 13,530,472 lattes ending in landfill and have created positive change in the community. Huge thumbs up!

TOXIC GAS DIVERTED

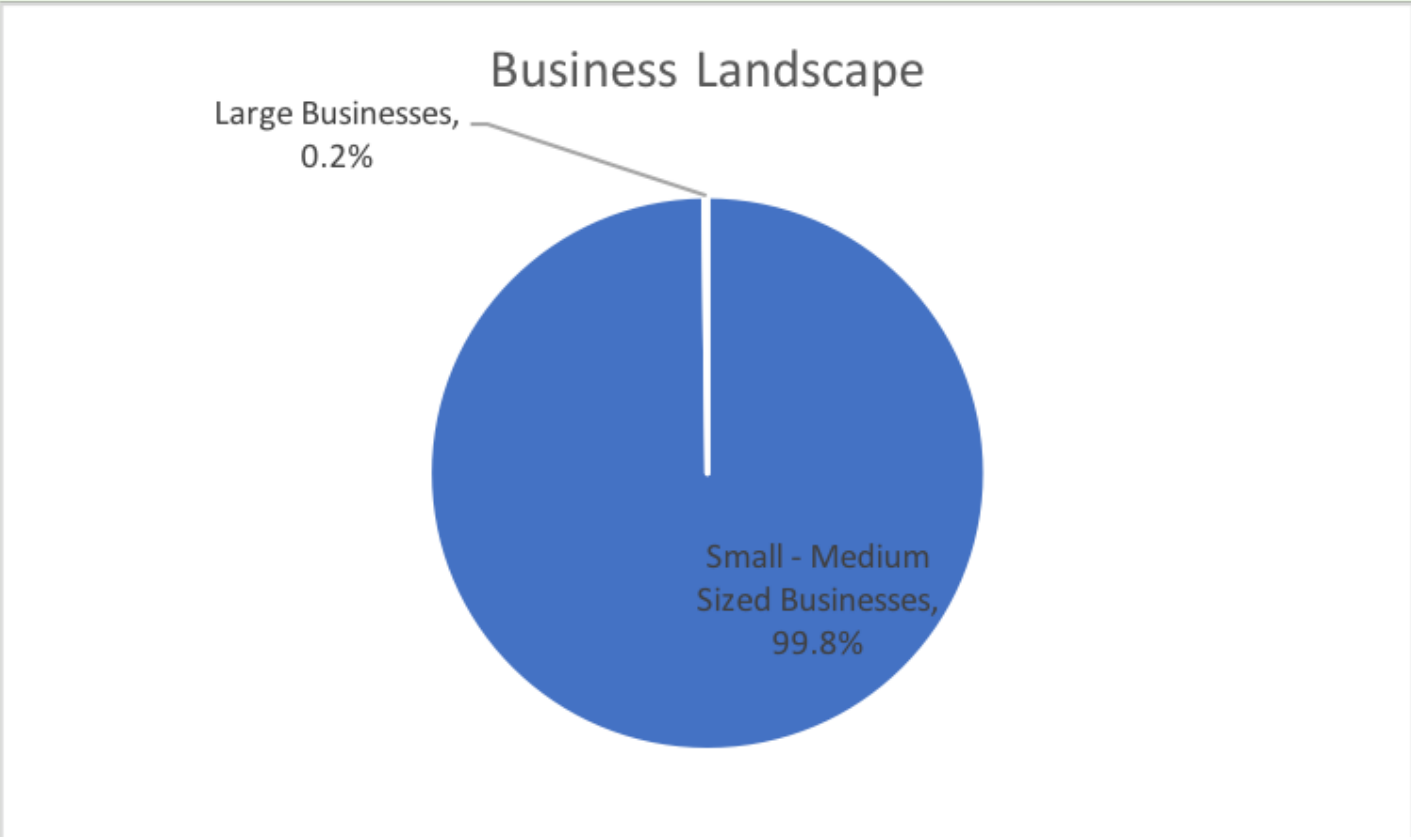

925,484.3 kgs

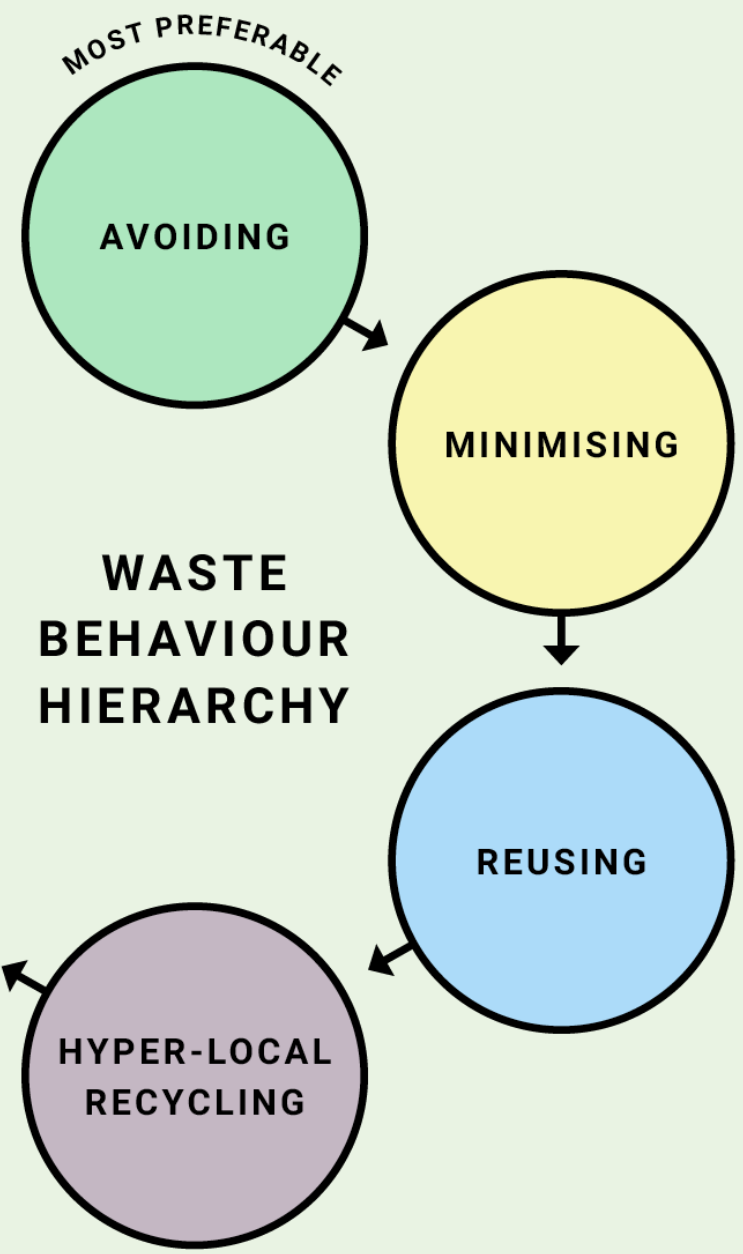

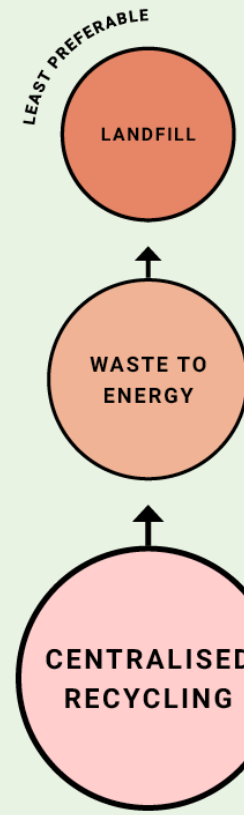

We are happy to announce that you have diverted 925,484.3 kgs of harmful greenhouse gases from going into the atmosphere unnecessarily. That's positive impact.

Small to medium businesses have a big impact

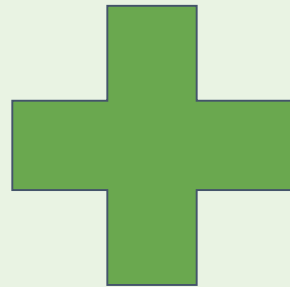

NOW

FUTURE

reduce your waste

reduce your negative impact on the planet

reduce your costs

Three steps you can take this week

UNDERSTAND YOUR WASTE

Identify the three biggest things you can reduce

TALK TO YOUR STAFF

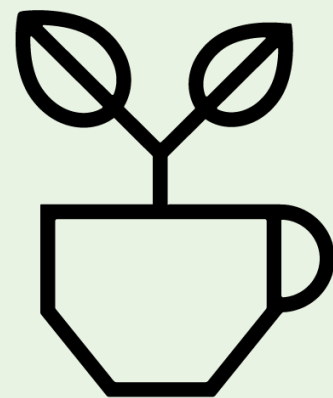

- How confident are they with using the bins?
- Do they have ideas for improvement?
- What could your next all-staffer topic be?

INCREASE WASTE STREAMS BY ONE

What can come out of the landfill bin: Soft plastics? Coffee? E-waste?
Upcycling cardboard in a separate bin?
