

Pothole Repair – City of Port Phillip

Repair	Image
Yes	
	 <p>The image column contains three photographs of potholes on asphalt roads. Each pothole is marked with a red spray-painted outline. The top photo shows a circular pothole with a small amount of water inside. The middle photo shows a larger circular pothole with a significant amount of water. The bottom photo shows a rectangular pothole with a large amount of loose material inside, situated next to a white road line and a blue bicycle symbol.</p>

Upon Inspection

No
