

RESPONSES TO QUESTIONS TAKEN ON NOTICE

COUNCIL MEETING 27 NOVEMBER 2024

Item 7.3 Petition: Port Melbourne Skatepark - Graham Street Bridge Overpass

Question from Councillor Cunsolo:

Does the Environmental Protection Authority (EPA) have rules or regulations for noise limits, given skateboarding is a noisy activity?

Response: *The EPA have advised that they would not investigate a case like this due to the detailed planning process to upgrade the site which included community consultation and response to concerns about noise. Noise from skateboarding would be in keeping with what you could reasonably expect from a skatepark.*
